

P 18

Evidentiary document # 5112.

Witness:- LESLIE (Nicobarese) Christian having been duly sworn states:-

I am LESLIE, a Nicobarese of INS village. I am 21 years of age. On the first air raid in Oct. 1944 I was not taken as a war prisoner, but the second one in February and the last in July 1945 I was taken. I was not taken to the jungle; but I went with Superior Private HISAO KIMURA to HQ 14 P.K. [TARUKA] an Indian, and KUTTI were taken from KAKARA village to the Civil Govt. Office by Capt. YASUO HUNEYUKI. This Japanese Captain said that they had stolen rice from a Japanese store. I saw them beaten with rods, kicked with boots and burnt with cigarettes by Superior Private HISAO KIMURA. The next day TARUKA was asked if he knew anything about rockets. TARUKA said "yes" because Superior Private HISAO KIMURA said he would give him plenty of rice, cigarettes and clothes if TARUKA would tell me who let up some rockets to the British vessels. TARUKA said that HASSAN KUTTI sent up the rockets. I asked him why he told lies and he said that it was due to his pain from the beating. KUTTI was taken to a shelter near the "SHI REI" house about 50 yards away. There he was questioned by Superior Private HISAO KIMURA and was beaten to death by Superior Private HISAO KIMURA for he did not know anything about rockets and radio. This was the first man killed by Superior Private HISAO KIMURA and MITSUO ARAI, a petty officer from 14 P.K. KUTTI was killed by beating only. I actually saw him beaten to death by Superior Private HISAO KIMURA and petty officer MITSUO ARAI. The next day Dr. JONES was brought in and he was at once handcuffed. I did not know where he was taken. One day I was asked to give Dr. JONES a cup of water and some biscuits and I saw some wounds all over his body and to my thought he might have been burned with something. Dr. JONES was in a building near the Japanese Naval Commander's house. Capt. ULDA was the Japanese Naval Commander. The next day MOOSA ALI, KAMIN, HENRY, ALBERT SAMUEL, MOHAMED, JOHN, CHRISTOPHER, SOLOMON, and some Indians, namely SHERAJ, MANUD, MO TUN, HASSAN and others were brought in before Interpreter MURIMANU YASUDA and Sgt. Major HACHIROESEN MATSUOKA. I interpreted for MANUD and he was questioned of the rockets to which he said he did not know, so he was beaten with a rod by Superior Private HISAO KIMURA. The next day he was dead due to ill-treatment by Superior Private HISAO KIMURA. I did not see how the others were treated because Superior Private HISAO KIMURA sent me on some errands. I told Superior Private HISAO KIMURA that I was afraid to interpret his speaking, so I was given as a servant to my friends, the prisoners. One day I was asked if I knew about the rockets and I said that I did not. But Superior Private HISAO KIMURA who asked me said I was a liar but I was not ill-treated. I was allowed to give food and water to the prisoners. I did not actually see the other prisoners beaten but they were always tied up by the hands and feet and were bleeding from wounds all over their bodies. With the exception of TARUKA I never saw any one have

his wounds treated. Later the prisoners were bound and blindfolded and were put in rubber cars and I do not know where they went. Things belonging to the victims were given to me as well as three blankets; I do not know to whom they belong. Some silver wire was also given to me. I never saw the prisoners again.

I have never seen rockets fired or seen any lights on the sky or heard of rockets or radio.
